We are pleased to present the villa project "Las Lagunas" located in the popular village of Ciudad Quesada where a total of 50 villas are built with private swimming pool.

At Lotus Properties we offer our clients for new construction a complete furniture package containing various furniture, appliances and air conditioning.

All villas are built with two or three spacious bedrooms and two or three stylishly tiled bathrooms, open floor plans and modern kitchens which provide lovely and open spaces between the kitchen and living room where you also have access to the nice garden perfect to cool off in the pool with family and friends.

The villas can be adapted to taste and feel but are quite complete from the ground up, there is the possibility to choose the basement.

Here you live in a lively area all year round with proximity to Ciudad Quesada's cozy restaurant street.

Within a few minutes drive you also have nice golf courses.

We offer video views, contact us for further information on these fantastic villas!
